

Dear Parent or Guardian:

Your child uses a software program called Renaissance Learning at school. This program has a special feature called Home Connect, which you and your child can access outside of school from any computer with an Internet Connection. Home Connect allows you to view information about your child's progress. It also allows you to sign up to receive email notifications as your child completes an activity or assessment at school.

To log in to the Home Connect Website go [here](#).

This is a video made by Renaissance Learning to aid in setting up your notifications. Please watch [this](#) if you need addition assistance.

Your Username will be the SAME Username your child uses at school. Your password will be the same password your child uses, EXCEPT the letters in the password will be CAPITALIZED.

If your child needs help retrieving their login information, please reach out to the child's teacher.
